10th & Oriental	:54

The Near Eastside Orbiter (NEO) is a circular shuttle service for the near eastside community. Routes begin at the John H. Boner Community Center, located at 2236 East 10th Street, and head north on Jefferson Avenue and continue in a clockwise direction. Hours of services are Monday through Saturday from 5 to 9 A.M. and from 5 to 9 P.M. A full rotation is completed within one hour.

NEO provides a shuttle transportation service for residents of the near eastside community. This new service fills in the gaps of the current IndyGo service as a way for residents to have access to not only the downtown loop, but also connects individuals to jobs, shopping and recreation destinations within the neighborhood.

Places to go? Take NEO.
